Flower Baskets

Small baskets with flowers made from tissue paper punched out on the Big Shot machine and assembled with floral wire and a bead.

Double over several sheets of tissue paper and place them in the Big Shot machine and punch out all the parts of the flower.

Thread a bead onto a piece of floral wire and twist it to form a long stem.

Assemble the tissue paper flowers together on the stem.

Insert the flowers into a piece of oasis which has been attached into the basket with a glue gun. Finally attach the small lovely dragonfly.

Tissue Paper, A4, 210x297 mm, 14 g, 300 Ass Sheets 20914

Die Cut, Flower, 0,5-8 cm, 1 pc 11781
