

## Eggs made from Hard Foil with Masking Tape

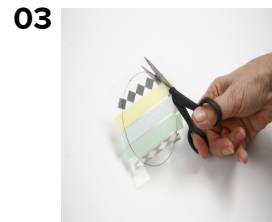

STEP BY STEP 023  
Inspiration: 12978

01 Use a thin marker pen for drawing inside the template onto the hard foil. Use a Fiskars shape template.

02 Turn the hard foil with the marker pen line face down towards the cutting mat to avoid the marker pen line from staining the masking tape when it is attached.

03 Cut out the egg along the thin marker pen line. Make a hole at the top of the finished egg and attach a piece of cotton string for hanging or attach the egg onto a greeting card.

## Eggs made from Hard Foil with Masking Tape

These eggs are made from transparent hard foil sheets. Use a Fiskars shape template and draw inside the template onto the hard foil with a thin marker pen. Decorate the eggs with Masking Tape. The eggs may also be used for greeting card decorations.
