

A Den made from Non Woven Material

The den is a table covered with a sewn and painted cover made from Non Woven material.

01 Roll out the piecegood material, Non Woven, across the table intended to be covered as a den. Cut. Also, measure and cut the two end pieces. Cut a hole for the window and a hole for the door.

02 Sew the parts together using a sewing machine.

03 Sew decorative reinforcements at the window and door openings – you may use Non Woven materials in a different colour. □

04 Use Plus Color craft paint for decorating the table den according to your own design. You may make some curtains.
