A small Bowl modelled from Papier-mâché Pulp

This bowl, painted in bright and gold colours, is made from papier-mâché pulp modelled by hand. When dry the outside is painted with Plus Color craft paint and the inside is painted with Art Metal paint.

Soak papier-mâché pulp in water, using the ratio: 3 parts pulp to 1 part water.

Model a bowl from papier-mâché pulp and leave to dry for 2-8 days depending on the size of the bowl. □ □

Paint the outside of the bowl with Plus Color craft paint and the inside with Art Metal gold paint. Leave to dry.
